Dear Sir

We recently engaged Clelands to design, build and construct a deck and conservatory at our home ,12 Dixon Street, Oakura.

We are writing to thank you for the excellent standard of work, and compliment you on the professionalism of your staff. We were impressed with the attention to safety, politeness and general work ethic of the Clelands staff whom we came into contact with. We were always able to get prompt responses to any queries and were kept well informed of progress on the job and any delays or variances encountered.

We would like you to pass on our thanks to all staff involved- Jeff Haigh, the draughtsman and the two workers on site-James and Matt.

We would (and intend to) thoroughly recommend Clelands to anyone building or renovating

Yours sincerely

Paul and Elaine Jamieson
